"Drawing is vision on paper"

Art enriches the experiences of studying while at school as well as preparing students for life after school. Arts subjects encourage self-expression and creativity and build confidence as well as a sense of individual identity.

This year "Drawing and Coloring Competition" was held on 22nd July, 2022. The theme of drawing competition was "Fruits", the drawing practice was given by an art master at school for two weeks prior and also parents were asked to train their ward for the same. Students were given time to draw and create their imagination of a fruit on the worksheet.

The objective behind this competition is to enhance and sharpen creativity among them. It allows students to maintain a balance between academics and co-curricular activities. Drawing is the best form of expression, which reveals true imagination.
