“Casting a ballot isn’t just something you do for yourself- it is for our collective future”.

The main objective the student council election was the formation of our students Union who will manage the affairs of the Union under the guidance and supervision of the Principal and the teachers affiliated to our school.

The elections were held on the 1st of July, 2022 at the beginning of the academic session. A sort of democratic training was offered to the interested students at our school to teach them how to become as a good student and the citizen and also to shoulder responsibilities. Students and associated members conducted rallies and delivered speeches and raised slogans to influence to get their votes.

Our Principal issued a notice to file nominations for the various designations of our Students council on the 1st of July. Ballot papers were printed confidentially.

The student participants visited all the classrooms and halls to request other student to vote in their favor. The contestants were allowed to explain the purpose of their candidature.
