## REPORT- SERVICE PROVIDER COMPETITION

*"A community is a place where people live and community helpers are people in your community that help others"*

A community is a group made up of diverse people who engage in collaborative tasks and share resources and ideas. Community members usually work together to achieve some common purpose or pursue a shared interest. They provide us with goods (products we use) and service (things they do for us). Community helpers are very important they keep the community safe and healthy, make life better for people in community, and help the community function more efficiently. The clerk at the grocery store, the local farmer, and the mail carrier are all examples of community helpers. Learning about community helpers helps students to understand being a part of a community, which leads to a feeling of belonging. It helps to foster a sense of teamwork within a child's world. It's also important from a safety perspective. It teaches them to address politely to the people in our neighbourhood, mingle with them by asking his or her name and try to show them they should feel safe and that these people take care of us.

Keeping this in mind Siddhartha Public School celebrated "Service Provider Competition" on Friday, 28<sup>th</sup> October, 2022. The classroom was decorated as per the theme and the students were asked to dress up like community helpers and also speak a few sentences about the help they render to the society. Students were so enthusiastic and were feeling so happy dressing up in different costumes and the properties used by these helpers. This day we could see doctors, postman, policeman, teacher, soldiers, traffic police and also farmer. It was a feast to the eyes to watch the little ones performing with such enthusiasm and confidence. The memories of such mesmerising event will be etched in their minds forever.
