Transport Day competition

"Success is a journey. The best form of transport is happiness"

Travelling is always fun for our little explorers, be it by air, land or water. To recognize the various mode of transport and to understand the transportation system of our country, transportation day is celebrated in schools. Transportation is the centre of the world. It is the glue of our lives.

Oh yes! Our little champs rode high and low as they celebrated

"Transport Day" on 18th November 2022. As instructed by their teachers the students spoke about the different mode and type of transport and they exhibited their eagerness to the class as they spoke about the topic. They were more excited to speak about the transport by learning a lot of new and interesting things about the different mode of transport. The teachers contributed their share of thus bringing to an end an interesting and fun filled event.
